What is PPG?

PPG is a grant given to school to ensure students can achieve the best possible outcomes. Additional funding is allocated to schools on the basis of the, number of children in receipt of Free School Meals (FSM), children classed as Children Looked After (LAC) and children of parents in the Armed Services.

What can PPG be used for?

To raise the attainment of pupils of all abilities through targeted support to enable them to reach their full potential and achieve the best possible outcomes, through accelerated progress both academically and socially. Breaking down any barriers to their learning, maximising their learning potential and narrowing the gap in educational outcomes.

In order to improve, our school uses a nurturing approach to help pupils who need this support. Helping them to overcome any barriers to learning, through improved aspirations, motivation, confidence and resilience, empowering them to become happy, healthy valued members of our school family.

How can I help you?

As PPG Ambassador my role is to improve parental engagement through regular communication to ensure parents know what the strategy can offer their children. I will regularly meet each half term with the children and evaluate their progress. I will endeavour to offer an effective partnership between pupils, parents, teachers and governors to have a voice in how the strategy is deployed and adapted.

I will offer regular opportunities for parents to be invited into school to celebrate the achievements of their children.
