Year 5

- ✓ Design different prints and combining these using different materials.
- ✓ Discuss and evaluate own work and that of others,

Year 6

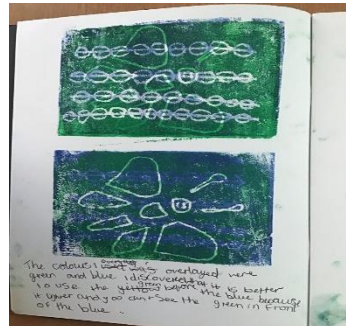

- ✓ Build up drawings and images of whole or parts of items using various techniques.

Perfect printing vocabulary!

screen printing	A printing technique where a mesh is used to transfer ink/paint onto fabric or paper. A stencil is used to block out certain areas of the print.
materials	The objects and substances used to create a piece of artwork.
printing	A reproduction of an original piece of art done using paint/ink. Often by pressing on top of the original with another material to create a copy.
evaluate	Discussing work to assess its particular strengths and weaknesses.
techniques	The manner in which an artist employs his/her skills to complete a piece of artwork. Here, this includes screen, mono, impressed and relief printing.
